

AMENDMENTS TO THE SPECIFICATION

IN THE SPECIFICATION:

On page 7, please amend section Brief Description of the Drawings as shown in the mark-up version below:

-- Brief Description of the Drawings

An embodiment of the invention will now be described, by way of example, with reference to the accompanying drawings in which,

Figure 1 is a schematic diagram of a power supply arranged to output an output voltage and a connector assembly for selecting the output voltage according to the preferred embodiment of the invention. Figure 1a shows the analog error signal V_e converted to a digital pulsed waveform;

Figure 2 illustrates a perspective exploded view of the connector assembly of Figure 1;

Figure 3 is a table showing various output voltages which can be selected by the connector assembly of Figure 2; and

Figures 4 to 25 illustrate schematic diagrams of the connector assembly of Figure 2 depicting different wiring in the connector assembly for selecting the output voltage of the power supply. --
